OBJECTIVE

Artificial Intelligence undergraduate seeking internship opportunities to apply Python programming and analytical problem-solving skills while gaining practical experience in Artificial Intelligence, Machine Learning, and software development.

EDUCATION

SRM Institute of Science and Technology <i>B.Tech in Artificial Intelligence CGPA: 7.05/10</i>	2023 – 2027 Kattankulathur
Akshaya Academy, Puduchatram, Dindigul <i>Class XII (CBSE) 66.4%</i>	2021 – 2023 Tamil Nadu
Akshaya Academy, Puduchatram, Dindigul <i>Class X (CBSE) 78.4%</i>	2019 – 2021 Tamil Nadu

SKILLS

- **Programming Languages:** Python, C
- **Web Technologies:** HTML, CSS
- **Database:** SQL (MySQL)
- **Technical Tools:** Git, Microsoft Excel
- **Core Knowledge:** Data Structures (Basics), Algorithmic Thinking, Problem Solving
- **Areas of Interest:** Artificial Intelligence, Machine Learning, Data Analysis

PROJECTS

Python Programming Practice Projects	2024 – Present
– Developed Python programs using loops, conditions, and functions – Implemented logical and mathematical computation programs – Improved debugging and structured coding practices	
AI Learning Exercises	2024 – Present
– Explored introductory machine learning concepts and dataset understanding – Practiced algorithm behaviour analysis and model-thinking fundamentals	

INTERNSHIP EXPERIENCE

OneYes Infotech Solutions Pvt. Ltd. <i>AI Developer Intern</i>	Dec 2025 – Jan 2026 Chennai
– Completed AI Developer Internship Program (6 Dec 2025 – 6 Jan 2026) – Gained exposure to AI concepts and Python-based development practices – Worked on logical problem-solving tasks and AI workflow understanding – Enhanced debugging skills and structured programming approach	

CERTIFICATIONS

Certificate of Excellence

Dec 2025 – Jan 2026

AI Developer Internship Program — OneYes Infotech Solutions Pvt. Ltd.

- Awarded for successful completion of AI Developer Internship Program

Introduction to Modern AI

Jul 2026

Cisco Networking Academy

Global Certification

- Successfully completed the Cisco Networking Academy course "Introduction to Modern AI".
- Learned AI fundamentals including machine learning concepts, generative AI, and responsible AI practices.
